6. Engineering/Construction Matters

- A. Progress Report from AACMD regarding the design and construction of the Authority's Regional Transportation System, and discussion and possible action concerning same.

Mr. Johnson reviewed the December 18, 2019 project status report with the Board.

Overall:

- o Grading has commenced on 38th Parkway from TAH Parkway to Monaghan.
- o Project monumentation is substantially finished.
- o Water, Sanitary Sewer and Storm Drainage servicing Filing 01 and the storm drainage in the adjacent roadways is substantially complete and obtaining initial acceptance.
- o Concrete and Asphalt projects are starting, weather pending.
- o AACMD is bidding a portion of the COA 36" waterline.
- o Tributary T CLOMR is approved and grading is scheduled to commence early January.
  - The Aurora Highlands Parkway: Design of horizontal, vertical and intersection geometry is occurring along with utility design. Documents are approximately 99% complete with minor comments being address for signature sets. Bidding is currently occurring.
  - 26th Avenue: Storm drainage has been completed and other road work will continue over the next three months, weather pending.
  - E470 Interim Connection (right in/out): Final mast arm for tolling is the final remaining element prior to this project being completed.
  - E470 Full Interchange: The project team attended a meeting December 6 to finalize design parameters and the team is moving into full design. Early action projects such as the relocation of fiber and the two City waterlines will be required. The team is expediting these designs to potentially go to construction later in 2020 or early 2021. Right-of-way is still be analyzed. Design is projected to further progress over the next 30 days.
  - I-70 Interchange: The design team is meeting with review agencies on December 17th to further refine the initial design and evaluation for the CDOT 1601 process. Design is projected to further progress over the next 30 days. The team is still scheduling an informational meeting with Adams County.
  - Powhaton Interim Connection: Like the full interchange this projected to further progress over the next 30 days.
  - 38th Avenue: Documents are approximately 85% complete. The project has been split into three portions (1. Picadilly-Tibet; 2. Tibet-E470; 3. Picadilly-Odessa) to expedite plan approval and the potential construction (by others) of the portion between Picadilly and Tibet. Design on the remaining portions is projected to progress over the next 30

days. AACMD met with Majestic on project number 1. AACMD continues to work with ARTA's counsel and the City to coordinate responsibilities and commitments along the corridor.

Board discussion ensued regarding Mr. Johnson's report. Treasurer O'Dorisio asked about potential change orders or cost increases to the construction schedule. Mr. Johnson stated there will be an unanticipated relocation of the 60 inch Prairies waterline on the west side of E- 470 for approximately 2,000 to 2,500 feet. This relocation is in the vicinity of the current E- 470/38<sup>th</sup> off ramp which had not been previously planned.

Direct O'Dorisio asked why the AACMD did not know about this change. Mr. Johnson and Chairman Hopper explained that there are additional costs to move this waterline in the interchange to the South, however, there are additional costs to keeping the waterline to the north. The overall cost impact is still less than where the line had been prior to the relocation.

Treasurer O'Dorisio and the Board requested a separate project memo from Mr. Johnson documenting this change, the reasons and the cost impact. Mr. Johnson will prepare this supplemental report for the February board meeting.

Re: Written Municipal Advisor Client Disclosure with the Aerotropolis Regional Transportation Authority (“Client”) Pursuant to MSRB Rule G-42

## Appendix A

### Disclosure of Conflicts of Interest/Other Required Information

#### Actual/Potential Material Conflicts of Interest

Ehlers & Associates has no known actual or potential material conflicts of interest that might impair its ability to render unbiased and competent advice or to fulfill its fiduciary duty to Client.

#### Conflicts Arising from Compensation Contingent on the Size or Closing of Any Transaction

The Municipal Advisor's fees may be contingent on the [size and] successful closing of a transaction. Compensation contingent on the size of a transaction presents a conflict of interest because the Municipal Advisor may have an incentive to advise the client to increase the size of the securities issue for the purpose of increasing the Municipal Advisor's compensation. Compensation contingent on the closing of the transaction presents a conflict because the Municipal Advisor may have an incentive to recommend unnecessary or unsuitable financings to the Client. In addition, if the transaction is to be delayed or fail to close, a Municipal Advisor may have an incentive to discourage a full consideration of such facts and circumstances or alternatives that may result in the cancellation of the transaction. Understanding these conflicts, Client should select a form of compensation that best meets the Client's needs for the agreed-upon scope of services within this agreement and any addenda thereto.

Any form of compensation due the Municipal Advisor will likely present specific conflicts of interest with the Client. If Client is concerned about conflicts arising from Municipal Advisor compensation contingent on size and/or closing of a transaction, Ehlers & Associates is willing to provide another form of municipal advisor compensation. The Client must notify Ehlers & Associates in writing of this request within 10 days of receipt of this Municipal Advisor Disclosure. Dear CLA client:

Our world is changing at an unprecedented pace, cybersecurity threats are increasing, and the cost of doing business continues to rise. As a firm, we are committed to delivering value-added services while also protecting the integrity of our technology environment and your sensitive data.

We continue to implement advanced resources and innovative techniques to create efficiencies and drive down the cost of our professional services. As such, we have only applied modest increases to our professional fees each year.

However, like many firms, our technology-driven and other engagement support costs continue to increase disproportionately, and we believe that transparency is paramount in our relationship. Accordingly, effective January 1, 2020, you will see a new line item on your invoice, which represents 5% of professional fees incurred, as follows:

***5% Technology and Client Support Fee***

You will continue to see the separate charges for our professional fees as well as direct expenses related to travel and other costs (if any) that have been historically tracked related to your engagement. No change is being made to this practice.

We continue to look for ways to enhance your experience with CLA as we streamline our work to serve you better and keep our prices fair. For example, we are enhancing our electronic billing and receipt practices, secured communication portals, and electronic deliverables.

## RE: AACMD January Status & Planning Window Report to ARTA

Dear Bob,

AACMD as part of its mutual coordination with ARTA is providing a status report for activities and costs to date related to the approved ARTA projects.

### Project Status:

- **Overall:**
  - Grading has commenced on 38<sup>th</sup> Parkway from TAH Parkway to Monaghan.
  - Grading for Filing 01 is commencing.
  - Concrete and Asphalt projects are starting, weather pending.
  - AACMD is working with the City on its 36" waterline.
  - Tributary T grading is commencing.
- **The Aurora Highlands Parkway:** Design of horizontal, vertical and intersection geometry is occurring along with utility design. Documents are approximately 99% complete with minor comments being address for signature sets. Bids are being reviewed.
- **26<sup>th</sup> Avenue:** Storm drainage has been completed and other road work will continue over the next three months, weather pending.
- **E470 Interim Connection (right in/out):** Final mast arm for tolling is the final remaining element prior to this project being completed.
- **E470 Full Interchange:** The project team continues to refine design parameters and is moving into full design. Early action projects such as the relocation of fiber and the two City waterlines is progressing. The team is expediting these designs to potentially go to construction later in 2020 or early 2021. Right-of-way is still being analyzed. Design is projected to further progress over the next 30 days.
- **I-70 Interchange:** The design team is wrapping up the CDOT 1601 process. Design is projected to further progress over the next 30 days. The team is still scheduling an informational meeting with Adams County.

- **Powhatan Interim Connection:** Like the full interchange this projected to further progress over the next 30 days.
- **38<sup>th</sup> Avenue:** Documents are approximately 85% complete. The project has been split into three portions (1. Picadilly-Tibet; 2. Tibet-E470; 3. Picadilly-Odessa) to expedite plan approval and the potential construction (by others) of the portion between Picadilly and Tibet. Design on the remaining portions is projected to progress over the next 30 days. AACMD met with Majestic on project number 1. AACMD continues to work with ARTA's counsel and the City to coordinate responsibilities and commitments along the corridor.

## ENGINEER'S REPORT

### INTRODUCTION

Schedio Group LLC ("Schedio Group") entered into a Master Service Agreement for Engineering Services ("MSA") with Aerotropolis Regional Transportation Authority ("ARTA") on December 11th, 2018. Task Order 01 AACMD/ARTA - Cost Verification, was approved on December 19, 2018. This report is Schedio Group's eighth deliverable associated with Task Order 01 of the MSA.

The Intergovernmental Agreement Among the Board of County Commissioners of the County of Adams, The City of Aurora and The Aerotropolis Area Coordinating Metropolitan District Establishing The Aerotropolis Regional Transportation Authority dated February 27, 2018 ("IGA") states:

"Capital Plan" means the detailed phasing plan and budget attached hereto as Exhibit D (of the IGA) for the regional capital improvements to be funded by the Authority and incorporated into the Regional Transportation System, including the estimated costs associated with the planning, design, financing, permitting, construction, inspection and acceptance for maintenance of such improvements."

As part of the cost verification process, Schedio Group has confirmed that costs verified in this Engineer's Report and Verification were anticipated by the IGA and it's Capital Plan and are therefore authorized to be paid for by ARTA.

See the IGA for additional information related to the cost splits agreed upon between Aerotropolis Area Coordinating Metropolitan District ("AACMD") and ARTA, project locations, etc.

Schedio Group reviewed soft, indirect and hard costs. Schedio Group found costs associated with Public Improvements to be reasonable when compared to similar projects, during similar timeframes in similar locales.

**VERIFICATION OF PAYMENTS**

Schedio Group reviewed available proofs of payments to ensure invoices associated with Public Improvements were paid in full by the AACMD Lender. As some proofs of payments were not made available to Schedio Group at the time of this report, \$1,994,429.59 remain unverified as paid for by the AACMD Lender at this time. This amount is included in the overall verified amount

**VERIFICATION OF CONSTRUCTION**

Soft, indirect, and hard costs associated with the design and construction of public improvements are considered in this report. Schedio Group LLC performed a site visit on January 15, 2020. ## ENGINEER'S VERIFICATION

Timothy A. McCarthy, P.E. / Schedio Group, LLC (the Independent Consulting Engineer) states as follows:

The Independent Consulting Engineer is an engineer duly qualified and licensed in the State of Colorado with experience in the design, construction and Verification of Public Improvements of similar type and function as those described in the above Engineer's Report.

The Independent Consulting Engineer has reviewed applicable construction and legal documents related to the Public Improvements under consideration to state the conclusions set forth in this Engineer's Verification.

The Independent Consulting Engineer finds and determines that Public Improvements considered in the attached Engineer's Report dated January 15, 2020 were contemplated in the Intergovernmental Agreement Among The Board Of County Commissioners Of The County Of Adams, The City of Aurora And The Aerotropolis Area Coordinating Metropolitan District Establishing The Aerotropolis Regional Transportation Authority, prepared by McGeedy Becher P.C. and dated February 27, 2018 and are therefore authorized to be paid for by The Aerotropolis Regional Transportation Authority, and that the values associated with soft, indirect and hard costs as of January 6, 2020 (date of receipt of Draw Request 19, received from Terra Forma Solutions), are reasonably valued at **\$415,332.04**.

In the opinion of the Independent Consulting Engineer, the above stated value for soft, indirect and hard costs associated with the design and construction of the Public Improvements is reasonable and consistent with costs of similar improvements constructed for similar purposes during the same timeframe and similar locales and is eligible for AACMD Lender reimbursement.
